27	SECTION 5. IC 12-15-15-1.1, AS AMENDED BY P.L.283-2001,
28	SECTION 19, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
29	JULY 1, 2002]: Sec. 1.1. (a) This section applies to a hospital that is:
30	(1) licensed under IC 16-21; and
31	(2) established and operated under IC 16-22-2 or IC 16-23.
32	(b) For a state fiscal year ending after June 30, 2000, in addition to
33	reimbursement received under section 1 of this chapter, a hospital is
34	entitled to reimbursement in an amount calculated as follows:
35	STEP ONE: The office shall identify the aggregate services
36	reimbursed under this article provided by hospitals established
37	and operated under IC 16-22-2, IC 16-22-8, and IC 16-23.
38	STEP TWO: For the aggregate services identified under STEP
39	ONE, the office shall calculate the aggregate payments made
40	under this article to hospitals established and operated under
41	IC 16-22-2, IC 16-22-8, and IC 16-23, excluding payments under
12	IC 12-15-16 IC 12-15-17 and IC 12-15-10

1	STEP THREE: The office shall calculate an amount equal to one
2	hundred fifty percent (150%) of a reasonable estimate of the
3	amount that would have been paid in the aggregate by the office
4	for services described in STEP ONE under Medicare payment
5	principles.
6	STEP FOUR: Subtract the amount calculated under STEP TWO
7	from the amount calculated under STEP THREE.
8	STEP FIVE: From the amount calculated under STEP FOUR,
9	allocate to a hospital established and operated under IC 16-22-8
10	an amount equal to one hundred percent (100%) of the difference
11	between:
12	(A) the aggregate payments for covered services made under
13	this article to the hospital during the state fiscal year,
14	excluding payments under IC 12-15-16, IC 12-15-17, and
15	IC 12-15-19; and
16	(B) a reasonable estimate of the amount that would have been
17	paid for the services described in clause (A) under Medicare
18	payment principles.
19	The actual distribution of the amount calculated under this STEP
20	to a hospital established and operated under IC 16-22-8 shall be
21	made under the terms and conditions provided for the hospital in
22	the state plan for medical assistance. Payment to a hospital under
23	this STEP is not a condition precedent to the tender of payments
24	to hospitals under STEP SEVEN.
25	STEP SIX: Subtract the amount calculated under STEP FIVE
26	from the amount calculated under STEP FOUR.
27	STEP SEVEN: Distribute an amount equal to the amount
28	calculated under STEP SIX to the eligible hospitals described in
29	subsection (c) in proportion to each hospital's hospital specific
30	limit under 42 U.S.C. 1396r-4(g), as determined by the office.
31	(c) Subject to subsection (e), reimbursement under this section
32	consists of a single payment made after the close of each state fiscal
33	year. Payment for a state fiscal year ending after June 30, 2000, shall
34	be made before December 31 following the state fiscal year's end. A
35	payment described in this subsection is not due to a hospital unless:
36	(1) the hospital is licensed under IC 16-21 and is established and
37	operated under IC 16-22-2 or IC 16-23; and
38	(2) an intergovernmental transfer is made under subsection (d).
39	(d) Subject to subsection (e), a hospital may make an
40	intergovernmental transfer under this subsection, or an
41	intergovernmental transfer may be made on behalf of the hospital, after
	miles of the mospital and the man of the mospital alter

the close of each state fiscal year. An intergovernmental transfer under

41

this subsection shall be made to the Medicaid indigent care trust fund in an amount equal to eighty-five percent (85%) of the amount to be distributed to the hospital under STEP SEVEN of subsection (b). The intergovernmental transfer must be used to fund the state's share of payments under this section, a portion of the state's share of disproportionate share payments under IC 12-15-20-2(2), and a portion of the state's share of funding for the uninsured parents program as provided under IC 12-15-20-2(5).

- (e) A hospital making an intergovernmental transfer under subsection (d) may appeal under IC 4-21.5 the amount determined by the office to be paid the hospital under STEP SEVEN of subsection (b). The periods described in subsections (c) and (d) for the hospital to make an intergovernmental transfer are tolled pending the administrative appeal and any judicial review initiated by the hospital under IC 4-21.5. The distribution to other hospitals under STEP SEVEN of subsection (b) may not be delayed due to an administrative appeal or judicial review instituted by a hospital under this subsection. If necessary, the office may make a partial distribution to the other eligible hospitals under STEP SEVEN of subsection (b) pending the completion of a hospital's administrative appeal or judicial review, at which time the remaining portion of the payments due to the eligible hospitals shall be made. A partial distribution may be based upon estimates and trends calculated by the office.
- (f) The office may not implement this section until the federal Centers for Medicare and Medicaid Services Health Care Financing Administration) has issued its approval of the amended state plan for medical assistance. The office may determine not to continue to implement this section if federal financial participation is not available.
- (g) This subsection applies to the state fiscal year beginning July 1, 2000, and ending June 30, 2001. If federal law will not permit the percentage calculation in STEP THREE of subsection (b) to be applied to all services identified in STEP ONE of subsection (b) for the state fiscal year, the amount attributable to the excluded services to which the percentage calculation does not apply shall be the maximum amount available without causing the entire amount calculated in STEP THREE of subsection (b) to exceed the applicable Medicaid upper payment limit.
- (h) For purposes of STEP THREE of subsection (b), if federal law limits the calculation of the Medicaid upper payment limit designated for nonstate government owned or operated hospitals to a percentage less than one hundred fifty percent (150%) of a reasonable estimate of reimbursement under Medicare payment principles, the applicable

 - (1) produce payments to each hospital licensed under IC 16-21 that qualifies as a disproportionate share provider under IC 12-15-16-1(a); and
 - (2) both individually and in the aggregate do not exceed limits prescribed by the federal Centers for Medicare and Medicaid Services. Health Care Financing Administration).

The trustees and a municipal health and hospital corporation are not required to make intergovernmental transfers under this section. SECTION 9. IC 12-15-19-1, AS AMENDED BY P.L.113-2000, SECTION 11, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2002]: Sec. 1. (a) For the state fiscal years ending on June 30, 1998, and June 30, 1999, the office shall develop an enhanced disproportionate share payment methodology that ensures that each enhanced disproportionate share provider receives total disproportionate share payments that do not exceed its hospital specific limit specified in subsection (c). The funds shall be distributed to qualifying hospitals in proportion to each qualifying hospital's percentage of the total net hospital specific limits of all qualifying hospitals. A hospital's net hospital specific limit for state fiscal years ending on or before June 30, 1999, is determined under STEP THREE of the following formula:

STEP ONE: Determine the hospital's hospital specific limit under subsection (c).

Each eligible hospital or community mental health center may receive an additional disproportionate share adjustment if:

(1) additional intergovernmental transfers or certifications are

1	made as authorized under IC 12-15-18-5.1; and
2	(2) the total disproportionate share payments to:
3	(A) each individual hospital; and
4	(B) all qualifying hospitals in the aggregate;
5	do not exceed the limits provided by federal law and regulation.
6	(c) For state fiscal years ending on or before June 30, 1999, total
7	basic and enhanced disproportionate share payments to a hospital
8	under this chapter and IC 12-15-16 shall not exceed the hospital
9	specific limit provided under 42 U.S.C. 1396r-4(g). The hospital
10	specific limit for state fiscal years ending on or before June 30, 1999,
11	shall be determined by the office taking into account any data provided
12	by each hospital for each hospital's most recent fiscal year (or in cases
13	where a change in fiscal year causes the most recent fiscal period to be
14	less than twelve (12) months, twelve (12) months of data ending at the
15	end of the most recent fiscal year) as certified to the office by:
16	(1) an independent certified public accounting firm if the hospital

22	in accordance with this subsection and federal laws, regulations, and
23	guidelines. The hospital specific limit for state fiscal years ending after

26	SECTION 10. IC 12-15-19-2.1, AS AMENDED BY P.L.283-2001,
27	SECTION 24, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
28	JULY 1, 2002]: Sec. 2.1. (a) For each state fiscal year ending on or
29	after June 30, 2000, the office shall develop a disproportionate share
30	payment methodology that ensures that each hospital qualifying for
31	disproportionate share payments under IC 12-15-16-1(a) timely
32	receives total disproportionate share payments that do not exceed the
33	hospital's hospital specific limit provided under 42 U.S.C. 1396r-4(g).
34	The payment methodology as developed by the office must:
35	(1) maximize disproportionate share hospital payments to
36	qualifying hospitals to the extent practicable;
37	(2) take into account the situation of those qualifying hospitals
38	that have historically qualified for Medicaid disproportionate
39	share payments; and
40	(3) ensure that payments net of intergovernmental transfers made
41	by or on behalf of qualifying hospitals are equitable.
42	(b) Total disproportionate share payments to a hospital under this

1	chapter shall not exceed the hospital specific limit provided under 42
2	U.S.C. 1396r-4(g). The hospital specific limit for a state fiscal year
3	shall be determined by the office taking into account data provided by
4	each hospital that is considered reliable by the office based on a system
5	of periodic audits, the use of trending factors, and an appropriate base
6	year determined by the office. The office may require independent
7	certification of data provided by a hospital to determine the hospital's
8	hospital specific limit.
9	(c) The office shall include a provision in each amendment to the
10	state plan regarding Medicaid disproportionate share payments that the
11	office submits to the federal Centers for Medicare and Medicaid
12	Services Health Care Financing Administration) that, as provided in 42
13	CFR 447.297(d)(3), allows the state to make additional
14	disproportionate share expenditures after the end of each federal fiscal
15	year that relate back to a prior federal fiscal year. However, the total
16	disproportionate share payments to:
17	(1) each individual hospital; and
18	(2) all qualifying hospitals in the aggregate;
19	may not exceed the limits provided by federal law and regulation.
20	(d) The office shall, in each state fiscal year, provide sufficient
21	funds for acute care hospitals licensed under IC 16-21 that qualify for
22	disproportionate share payments under IC 12-15-16-1(a). Funds
23	provided under this subsection:
24	(1) do not include funds transferred by other governmental units
25	to the Medicaid indigent care trust fund; and
26	(2) must be in an amount equal to the amount that results from the
27	following calculation:
28	STEP ONE: Multiply twenty-six million dollars (\$26,000,000)
29	by the federal medical assistance percentage.
30	STEP TWO: Subtract the amount determined under STEP
31	ONE from twenty-six million dollars (\$26,000,000).
